UNITED STATES GOVERNMENT

Memorandum

TO : DD/S&T Career Management Officer DATE: 19 May 1965

FROM : Deputy Asst Director, S&D/OEL

SUBJECT: Interview with [] USAF

STATOTHR

25X1A

1. At the request of [] I talked to [] on 6 May. The primary objective of the interview was to inform Maj. [] in a broad way, of the types of things that are done in S&D/OEL. STATOTHR

2. It developed that our activities are closely lined with [] interests and areas of experience. Due to the shortness of time, there was no possibility for determining in detail whether or not [] would be interested in joining the organization or in what capacity. STATOTHR

3. [] academic achievements appear to be promising as well as his assignments. STATOTHR

4. If [] does stay in the Air Force, consideration should be given to bringing him aboard to assist [] in the Signal Measurements Staff. A Field Grade Air Force Officer heavily oriented in electronics could operate very effectively in the Signal Measurements Staff, provide all the interface to the Air Force, in addition to initiating and directing various SMS programs.
